

HISPANIC CULTURAL CENTER OF LUBBOCK

“Embracing Hispanic Culture, Observing & Sustaining Tradition.”

A Project of Fiestas del Llano, Inc.

The Hispanic Cultural Center of Lubbock is milestone that will showcase the contributions of Hispanics made to the Lubbock Community. The old fire station #4 building, located at 3rd & University, will provide surrounding neighborhood organizations and groups access to the facility, as well as draw tourist and those interested in the arts and history. The number “4” on the West wall of the building, will remain on the building to remind the community that efforts of Fiestas del Llano, Inc. are "four"/for the community.

This center will be a multifunctional facility that will also benefit low to moderate residents of that area with activities and services such as:

- ☒ A Hispanic Arts and Culture center providing art and theater programs.
- ☒ As a meeting place for neighborhood associations and organizations.
- ☒ As a studio for ballet folkloric groups for the purpose of practice & training.
- ☒ As office space for non- profits.
- ☒ To provide health screening and health services.
- ☒ As an Information and referral center.
- ☒ To provide training, tutoring, and other educational opportunities.
- ☒ Most importantly, as a house to share the history of Lubbock Hispanics.

The organization is hopeful that this facility will initiate other opportunities that will correspond to the needs of the neighborhood and North University Ave. Further, they believe that this Center will be a frontage to attracting and sustaining traffic that could potentially be disrupted by the development of the Marsha Sharp Freeway.

Renovations have already begun in hope that the facility will be fully operational by late July. Monetary contribution, volunteers, and photos and artwork are being accepted.

For additional information please call Christy Martinez, Board Chairperson, at (806) 797-7233, or visit the website at www.fiestasdelllano.org.
